The team

All the ski instructors of ski-lesson.com are **fully certified** by ENSA (National School of Ski and Alpinism at Chamonix), the unique state organisation for all ski instructors and mountain guides.

Our objective is to help you happily progress by **being patient and listening to your needs**.

We adapt ourselves to your requests, help you overcome your anxiety and help you reach your expectations.

Because of our **experience** in the valley and our perfect knowledge of the ski areas, we guarantee your safety and comfort.

By pampering you and organizing your stay, we strive to make your holiday a relaxing one

As we are a ski school, we have the benefit of using the fast line down the lifts.
